### NEGRINI JEWELLERY

*The jewels are made with the traditional gold-casting method. Brass executed completely by hand if it is composed of more than one element. The stones (zircons or natural stones) are also hand-built. The jewels are in silver 925 per thousand, the highest quantity of pure silver that a jewel can have. Each jewel is stamped with the "925" mark. To give greater brilliance, the jewels are immersed in a Rhodium bath. As required by law, they do not contain nickel and are therefore hypoallergenic, as they do not blacken the skin. They can be cleaned with baking soda or dish detergent.*

### ELECTRIC FOILS

*Standardly assembled with "SCHERMASPORT" FIE2011" point, italian bayonet guard socket and non-insulated grip. Other sockets and handles a request. Italian Foil assembled with 2-pin socket.*

3010I	ITALIAN el. Foil, plastic grip, guard with falso ricasso, normal steel blade art. 3335 cm. 78-85-90	210,00	189,00
3015I-VNITI	ITALIAN el. Foil, plastic grip, guard in cromed brass, with falso ricasso, FIE Marag. Steel blade art.3430VNITI cm. 85-88-90	289,00	260,10
3017I-BF	ITALIAN el. Foil, plastic grip, guard in cromed brass, with falso ricasso, FIE Marag. Steel blade art.3432BF cm. 85-88-90	303,00	272,70
3019F-STM-ECO	FRENCH el. Foil, <b>STM</b> Normal steel blade, <b>ECO</b> point. cm. 78-85-90	126,00	113,40
3020F-STM/S	FRENCH el. Foil, <b>STM</b> Normal steel blade, <b>SCHERMASPORT</b> point. cm. 78-85-90	146,00	131,40
3024F-VNITI/F	FRENCH el. Foil, All/Para grip, FIE/VNITI blade, <b>FWF</b> point: cm. 85-88-90	<b>NEW</b> 209,00	188,10
3025F-VNITI/S	FRENCH el. Foil, All/Para grip, FIE/VNITI blade, <b>SCHERMASPORT</b> point: cm. 85-88-90	224,00	201,60
3026F-BF/F	FRENCH el. Foil, grip All/Para, FIE/ <b>BF</b> blade, <b>FWF</b> point: cm. 85-88-90	<b>NEW</b> 223,00	200,70
3027F-BF/S	FRENCH el. Foil, grip All/Para, FIE/ <b>BF</b> blade, <b>SCHERMASPORT</b> point: cm. 85-88-90	238,00	214,20
3030STM-ECO	ANATOMICAL El. Foil, Normal steel/ <b>STM</b> blade, <b>ECO</b> point: cm. 78-85-90	116,00	104,40
3035STM/S	ANATOMICAL el. Foil, Normal steel/ <b>STM</b> blade, <b>SCHERMASPORT</b> point: cm. 78-85-90	136,00	122,40
3129VNITI/F	ANATOMICAL el. Foil, FIE/VNITI blade, <b>FWF</b> point: cm. 85-88-90	<b>NEW</b> 200,00	180,00
3130VNITI/S	ANATOMICAL el. Foil, FIE/VNITI blade, <b>SCHERMASPORT</b> point: cm. 85-88-90	215,00	193,50
3131BF/F	ANATOMICAL el. Foil, FIE/ <b>BF</b> blade, <b>FWF</b> point: cm. 85-88-90	<b>NEW</b> 214,00	192,60
3132BF/S	ANATOMICAL el. Foil, FIE/ <b>BF</b> blade, <b>SCHERMASPORT</b> point: cm. 85-88-90	229,00	206,10

### BLADES for ELECTRIC FOIL: without point and wire

*LENGTH is COMPREHENSIVE ELECTRIC TIP. The blades are supplied with tang uncut and can also be mounted on our Italian foils.*

3210I	FALSE RICASSO, mm.8x15 h.60. For use with French blade and guard with suitable rosetta	24,00	21,60
3220STM	<b>BARE FOIL BLADE</b> Normal steel/ <b>STM</b> : cm. 78-85-90	59,00	53,10
3230VNITI	<b>BARE FOIL BLADE</b> FIE/VNITI Maraging Steel: cm. 85-88-90	133,00	119,70
3232BF	<b>BARE FOIL BLADE</b> FIE/BF Maraging Steel: cm. 85-88-90	149,00	134,10
3250N	Electrification on <b>new</b> Foil blade (tip and wire excluded)	15,00	15,00
3251U	Electrification on <b>used</b> foil blade (tip and wire excluded)	18,00	18,00

Vicolo Scala Santa 24 - 37129 Verona - Italy - Tel. 0458001984 - Fax 0458002755 - [www.negrini.com](http://www.negrini.com)

## HOW TO MEASURE

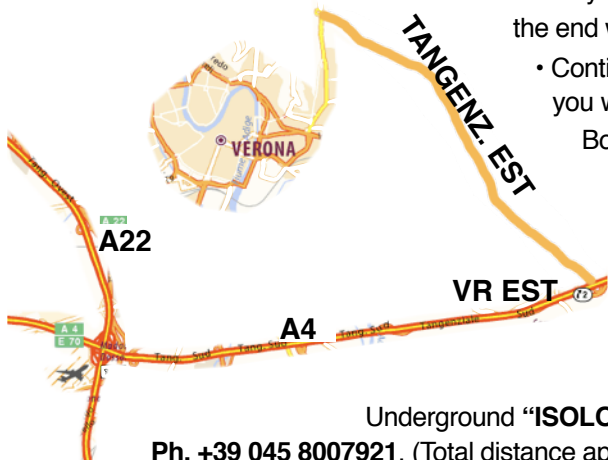

This important task requires a lot of precision: therefore we recommend you to pay attention to the following instructions and to follow carefully the procedure described below:

- take the measure you need with the help of another person;
- use the appropriate tailor's soft tape measure;
- all measures must be taken to the body; the person must be undressed or in underwear;
- during the different stage be careful not to turn the tape accidentally and not to take the measure neither too tight nor too loose;
- for measures 5-6-7-11, tie a ribbon (as reference point) round the waist (at navel level).

1	Turn 1 chest circumference	raise your arms horizontally, pass the tape measure under your underarms at the chest level, lower them and measure
2	Turn 2 waist circumference	tie the tape round the waist at the navel level
3	Turn 3 hips circumference	tie the tape round the hips at about 19-20 cm below the waist, being careful not to over tighten
4	Turn 4 tigh circumference	tie the tape round the thigh at the point of widest diameter
5	AB distance neck-waist	measure along the spine, putting the tape on the most prominent vertebra at the base of the neck until the ribbon round the waist
6	BC distance waist-hips	measure along the spine the distance between the ribbon tied round the waist and the hips
7	AC distance neck-hips	it's the sum of the previous measures (AB and BC)
8	DE shoulders	measure the distance between the two extremities of the high curves of the shoulders, from the backside of the person (usually the measure of the shoulders is nearly equivalent to the AB distance (neck-waist))
9	GI sleeve length	raise the arm, bend it to L in front of the chest and measure the distance from the bone of the soulder to the wrist, passing from the elbow
10	DL distance shoulder-neck	from his/her side measure the length from the high curve of the shoulder to the base of the neck
11	MN distance waist-knee	measure from his/her side starting from the ribbon round the waist till below the knee
12	OP distance crotch-knee	measure from the center of the crotch till below the knee
